

How to open and read PDF

Android

1. Download and install [Acrobat Reader](#) from the Google Play Store. Launch the app.
2. On the bottom menu bar, select Files.
3. Locate your PDF file on your Android and select it.
4. Read your document. You can also adjust viewing and scrolling settings to your preferences.

iOS

1. Install the [Acrobat Reader app](#) from the App Store. Launch the app.
2. On the bottom menu bar, select Files.
3. Locate the file on your iPhone and select it.
4. You can now scroll through and read your PDF.

Desktop

1. Download the [Acrobat reader](#) from the internet and follow the prompts to install it on your computer.
2. Find the PDF you want to open in your Files and double click to open.
3. Select Adobe Acrobat (or whichever reader you downloaded) from the list of available options. If no list appears or the page opens in another application, you can right-click the file and select Open With to choose your PDF reader.
4. Click Open.
